**Twitter** <https://twitter.com/POwolabi55029>

**WWW** <https://philipthedeveloper.netlify.app>

With almost half a decade of experience in frontend development, I have built a strong foundation in core web technologies. I am proficient in HTML, CSS, and JavaScript, and have expertise in modern frontend frameworks such as React and Angular. My work primarily revolves around creating responsive and user-friendly interfaces, optimizing web performance, and ensuring cross-browser compatibility. Additionally, I stay up-to-date with the latest trends in frontend development, including responsive design, progressive web apps, and the ever-evolving JavaScript ecosystem.

## Technical Skills

---

- JavaScript
- Typescript
- Python
- Selenium
- React
- CSS
- Figma
- Node.js

## Competencies

---

- Requirement gathering
- UI improvement
- Agile Workflow
- Code debugging
- Website optimization
- Software Best Practices

## Employment History

---

2023-10 – Current

### Front End Developer

*Skite Technologies, Ibadan*

- Use regulatory and compliance standards for user interface designs
- Coded using HTML, CSS, JavaScript and React to develop features for both mobile and desktop platforms.
- Successfully integrated a RESTful API into the frontend project, enabling real-time data retrieval and improved user experience.
- Utilized React and Axios library to make API requests and implemented robust error handling for seamless data retrieval.
- Collaborated with the backend development team to ensure seamless API communication and implemented user authentication using JWT tokens and Session Storage.

2022-08 – 2023-04

### Front End Developer

*Gigmoni, Lagos*

- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices.
- Analyzed project requirements, translating specifications into functional application components.
- Redesigned sections of websites to create user-friendly, visually appealing experience.
- Improved coding of JavaScript and CSS to enhance user experience and functionality
- Performed user experience quality assurance testing to identify and remedy shortcomings.
- Applied feedback from code review and implemented changes to meet standards.

## Education

---

2019-10 – Current

### Bachelor of Engineering: Petroleum Engineering

*First Technical University, Ibadan. - Nigeria*
